### **City of Brookhaven Council Adopt Comprehensive Plan 2034**

**Brookhaven, GA, Nov. 20, 2014** -- On Tuesday, the Brookhaven City Council unanimously adopted the Comprehensive Plan 2034, a long-term vision for the City of Brookhaven's future. After months of planning with community leaders, elected officials and city staff the Comprehensive Plan 2034 is to serve as a testament to where the city is going. The plan includes six key substantive elements: Land Use, Community Facilitates and Resources, Economic Development, Population, Housing and Transportation.

"Proper planning is the key to success. With the adoption of this Comprehensive Plan, the City of Brookhaven is laying the foundation for the success of our city's future," said Mayor J. Max Davis.

The Comprehensive Plan 2034 was divided into six phases starting with Phase 1: Project Initiation in March 2014 and included a vast amount of public involvement in each phase. Public Involvement included, but not limited to: interviews, surveys, steering committee, emails, workshops, open houses, and public hearings with the Planning Commission and City Council.

Comprehensive Plan 2034 forecasts the long-term economic, social and environmental sustainability of Brookhaven while focusing on the first five years of the planning horizon.
