

FOR IMMEDIATE RELEASE

Brookhaven to hold public meeting on Bike, Pedestrian & Trail Plan

First of three meetings to take place May 19 at Lynwood Park

Brookhaven, GA, May 5, 2015 – The City of Brookhaven has begun work on its first Bicycle, Pedestrian, and Trail Plan. This important effort will help develop a vision for a future bicycle, pedestrian and trail network to be enjoyed by all residents and visitors to the city.

The plan effort is scheduled to conclude in early 2016 and includes an initial analysis of existing conditions, a determination of future needs, and an implementation plan to guide the city in future decision making.

There will be several opportunities for residents to participate in the development of this plan, including the first public meeting to be held Tuesday, May 19, from 5:30 to 7:30 p.m. at the Lynwood Park Community Center (3360 Osborne Road). This will be the first of three planned meetings throughout the planning effort. This initial meeting will include the following topics:

- 5:30-6:00 PM: A community preference exercise to determine community preferences for different types of bicycle, pedestrian, and trail improvements
- 6:00-6:20 PM: A formal presentation regarding the plan development
- 6:20-7:30 PM: An interactive exercise to craft an overall vision for a bicycle, pedestrian, and trail network

We hope to see you there!
